

Chartworld eGlobe G2 Type Specific

Aims to enhance the safety of navigation and bridge watch keeping efficiency by training the Watch keeping Officer in the detailed operational functionality of the Chartworld eGlobe G2 ECDIS system. Achieved by: developing a thorough knowledge of the setting functions, action fields and information windows available; understanding the capabilities and limitations; awareness of the potential errors and interpretation and risk of reliance on data displayed; data flow between sensors / peripheral devices and ECDIS.

Intended Learning Outcome/s

After the training/assessment, the participant/s shall be able to:

- Maintain a safe navigational watch.

Course Prerequisite & Qualification

Master & Deck Officers
